HELLO, LOVERS

Welcome to Creative Société! I'm Nicola, your dedicated wedding and event content creator, specialising in capturing unique and fun behind-the-scenes iPhone footage of your special day. My passion is transforming your moments into vibrant, shareable content that truly reflects your personal narrative.

At Creative Société, we believe that your wedding day should be more than just a collection of moments – it should be a story, vibrantly told and lovingly crafted. Our Signature Storytelling Method transforms traditional same day wedding content creation into a real-time, immersive experience that captures the essence of your special day in a way that is dynamic, fun, and unforgettable.

Experience Our Method

1. Real-Time Storytelling:

- We capture and edit your wedding day content in real time, ensuring that the joy, excitement, and spontaneity are preserved and shared almost instantly. You'll have beautifully crafted memories that you can enjoy and share with your loved ones on the same day.

2. Personalised Narrative:

- Through pre-wedding engagement sessions and interactive prompts, we weave your personal story into your social media wedding content. Every video is a reflection of your journey, told in your own words and style.

3. Candid and Dynamic Moments:

- Our approach focuses on candid, behind-the-scenes moments from your guests' perspective. From heartfelt glances to infectious laughter, we document the genuine emotions and reactions that make your day unique.

4. Vibrant and Trendy Aesthetics:

- Using cutting-edge iPhone technology and the latest in trending audio and visual effects, we create vibrant, modern videos that stand out. Your wedding content will not only be beautiful but also trendy and shareable.

5. Swift Delivery:

- With our fast turnaround, you won't have to wait weeks to relive your wedding day. We provide access to all raw footage within 24 hours and deliver edited, post-worthy reels and TikToks that capture the highlights of your celebration.

Travel

Alright, lovebirds! Here's the deal with our travel fees and policies for our wedding & event content creation service. We call Sydney home sweet home. Now, if your event is within a two-hour radius of HQ, you won't have to worry about any travel fees. Easy peasy! But, if your venue is more than two hours away, we'll have to chat about a travel fee of \$1 per kilometer - cost of living and all.

Don't sweat it though, we're happy to discuss the specifics based on your venue location.

For those events outside of Sydney, we might have to talk about an accommodation fee. It all depends on the location, time, and season, so let's have a chat and figure out the perfect plan!

Destination Weddings

My wanderlusts! We're all about those dreamy destination weddings, and we would be absolutely honoured to be a part of your sweet escape. Our travel fees, vary depending on the seasonality and location, but rest assured, before my days as a wedding pro, I had the incredible privilege of being a travel agent. We'll work closely with you to map out the best plan. So whether you're tying the knot on a tropical beach or exchanging vows amidst breathtaking mountains, let's chat and make those travel wedding dreams come true!
